**PRELIMINARY**

- Short title.           1.       These Regulations may be cited as the  
  
**PATENTS REGULATIONS.**
  
- Interpretation.      2.       In these Regulations, unless the context otherwise requires-  
  
  - “applicant” means a person for whom an application is made;
  - “application” means an application for a patent;
  - “Office” means the Intellectual Property Office.

**PART II**

**FEES**

- Fees.  
Schedule I.           3.       The fees to be paid under the Act and these Regulations are those  
fixed in Schedule I.
  
- Currency.            4.       Payments shall be made in Belizean currency, but the equivalent amount  
in a foreign currency that is convertible in Belize may be accepted.

5. When a fee paid by a person to the Registrar for any purpose exceeds the fee fixed by these Regulations for that purpose by more than \$10, the person who paid the fee is entitled to be refunded the amount of excess less \$10. Excess fee.
6. When a fee is paid to the Registrar by any person by mistake, for an application that is withdrawn before it is given an application number, or for a service that cannot be provided, the person who paid the fee is entitled to a refund of the fee less \$25, if he claims the refund within one year of the payment of the fee. Fee refund.
7. When a person pays a fee in advance for the grant of a patent, renewal of a patent or for any other purpose, he is entitled to a refund of that fee, less \$15, if he decides not to proceed with the application for the patent, renewal or other matter to the stage where the fee would be required. Refund of advance fee.
8. (1) Fees that are paid by cheque, bank draft or money order shall be forwarded to the Registrar and made payable to him. Payment of fees.
- (2) Fees may be paid by cash at the Office.
9. A payment of a fee by cheque may be accepted by the Registrar as being a payment of the fee when the cheque is received by him, but if the cheque is not paid when presented to the bank on which it is drawn and not made good within such time as the Registrar may fix, the acceptance of the fee is revoked and any thing done pursuant to the payment is void and, if appropriate, shall be so recorded in the Register. Cheques.

### **PART III**

#### **FORMS**

10. (1) In submitting a document to the Office for any purpose, the person submitting the document must use the form set out in *Schedule II* that is appropriate for the purpose, but the form may be modified in such manner as is Form required. Schedule II.

necessary in the circumstances.

(2) In submitting a document to the Office, one copy only of the document need be submitted.

Replacing documents. Schedule II.

11. If a document that is submitted to the Office differs significantly from the form in *Schedule II* intended to be used for the purpose of the submission, the Registrar may require that the document be replaced, within a time fixed by the Registrar, by one that conforms to the document required by *Schedule II* to be used for the purpose.

Paper requirements.

12. (1) All applications, notices, statements, papers having representations affixed, or other documents authorized or required by the Act or these Regulations to be made, left with or sent to the Registrar must be on strong, durable white paper and, except in the case of statutory documents and affidavits, must be written on one side of the paper only.

(2) Each sheet of paper, other than drawings, must have its short sides at the top and bottom of the sheet.

(3) Each sheet of paper must be of the same size and on A-4 paper or such other size as the Registrar may permit.

Page requirements.

13. (1) The pages of documents, other than drawings, must be numbered consecutively, preferably at the top of the page.

(2) Page margins must be at least 2 centimetres.

(3) Except for drawings, pages must be typed or printed, preferably with one and a half spacing or double spacing.

Language of documents.

14. An application must be in English.

**PART IV****TITLE OF INVENTION**

15. The title of an invention given in an application must be short and indicate the subject matter to which the invention relates. Title.
16. The title of an invention must not include any trade mark, coined word or personal name. Words of title.

**PART V****ABSTRACT OF INVENTION**

17. The abstract of an invention must be a brief summary of the invention being disclosed, indicating its main features and use and the manner in which the invention differs from other inventions. Abstract.
18. (1) The description of an invention must state the title of the invention as it appears in the petition for the patent and must-
- (a) specify the technical field to which the invention relates;
  - (b) indicate the background art that, as far as known to the applicant, can be regarded as useful for the understanding, searching and examination of the invention;
  - (c) disclose the invention in such terms that it can be understood, and state its advantageous effects, if any, with reference to the background art;
  - (d) briefly describe the figures in any drawings;

- (e) set forth at length, in terms of examples when appropriate, and with reference to the drawings, if any, the best mode contemplated by the applicant for carrying out the invention; and
- (f) indicate explicitly, when it is not obvious from the description or nature of the invention, the way in which the invention is industrially applicable and the way in which it can be made and used or, if it can only be used, the way in which it can be used.

(2) The manner and order specified in this provision in respect of a description must be followed in all descriptions of inventions except when, because of the nature of the invention, a different manner or a different order would result in a better understanding and a more practical presentation.

- Completeness. 19. A description in an application must be complete and not depend on any document not available to the public when the application was filed and must, without reference to other applications mentioned in the description, be sufficient to support the claims made in the application.
- Additions. 20. No matter contained in a document referred to in a description in an application and not available to the public when the application was filed may be added to the description after the application is filed.
- Identification. 21. A document referred to in a description in an application must be fully identified.
- Measurements. 22. Units of weights and measures in a description must be expressed in the metric system.

**PART VI****DRAWINGS**

23. All drawings in an application must satisfy the following requirements- Drawing requirements.
- (a) the drawings are to be on white paper or other material suitable for reproduction;
  - (b) the sheets of drawings are to be the same size as those used for the description in the application;
  - (c) the drawings are to be prepared with durable dark lines suitable for reproduction;
  - (d) the drawings are to be on a scale sufficiently large to show the invention clearly;
  - (e) the drawings are to appear on only one side of the sheet;
  - (f) figures in the drawings are to be numbered consecutively without regard to the number of sheets in the drawings and so far as possible the figures are to be arranged in numerical order;
  - (g) the figures are to be identified and explained in the description;
  - (h) figures in the drawings can be continued on subsequent sheets if necessary or several figures can appear on the same page;
  - (i) the drawings are to be identified with the name of

the applicant or inventor; and

- (j) the drawings are not to contain textual matter other than that needed to identify parts.

Photographs.	24. Photographs may be used instead of drawings in an application if the photographs clearly illustrate the invention and can be readily reproduced.
No drawing in text.	25. No drawings or sketches shall be placed in the textual part of a disclosure in an application except to show graphic chemical formulas, mathematical formulas, symbols or equations.
Folds, breaks, etc.	26. Drawings in an application must be free of such folds, breaks or creases as render them unsuitable for reproduction.
Explanation of drawings.	27. The description in the application shall briefly explain the drawings in the application.

## **PART VII**

### **CLAIMS**

Claims limited in number.	28. No more claims shall be permitted in an application than are necessary to adequately protect the invention disclosed in the application.
Numbering.	29. Claims must be numbered consecutively.
Dependent claims.	30. (1) Claims may be made dependent upon preceding claims in order to add features to what is claimed in the preceding claims.  (2) A dependent claim must refer by number to the claim upon which it depends.  (3) A dependent claim may refer by number to not more than

three preceding claims and any claim so referred to must not itself refer by number to more than one other claim.

## **PART VIII**

### **CORRESPONDENCE**

31. (1) Applications, correspondence related to any application, and all communications intended for the Office shall be mailed to or deposited at the Office. Communicating with Office.

(2) When communicating with the Office about an application, patent or licence, the correspondent shall identify the application, patent or licence clearly and give such information as the date of filing, kind of invention, name of applicant, patentee or licensee and registration number.

32. Applications shall be proceeded with, and other communication with the Office effected, by written correspondence and, unless the Registrar for good reason decides otherwise, no regard need be given to any other mode of communication with the Office. Mode of communication.

33. All correspondence from the Office to an applicant shall be sent- Communication from Office.

- (a) to the patent agent of the applicant if one has been appointed in Belize;
- (b) if no patent agent has been appointed in Belize, to the address for service of the applicant in Belize; or
- (c) to the applicant, if no patent agent has been appointed in Belize to represent the applicant and the applicant has no address for service filed in the Office.

- Multiple applicants. 34. When, in respect of an application, there is more than one applicant, correspondence shall be conducted-
- (a) with the patent agent who has been named to represent all the applicants;
  - (b) with the applicant resident in Belize who has been nominated to represent all the applicants, if no patent agent has been appointed; or
  - (c) with the first applicant named in the application, if there has been neither an agent appointed nor an applicant resident in Belize nominated to represent the applicants.
- Limited correspondents. 35. The Office shall, in accordance with Regulations 33 and 34, conduct correspondence on an application with only one person.
- Address and presumptions. 36. A person who corresponds with the Office shall provide his full postal address, and any correspondence sent by the Office to that person at the address so provided shall be deemed to be sent on the date that the records of the Office show it to have been sent.
- Address for service. 37. A patentee, licensee and applicant for a licence must maintain an address for service in Belize and send, with the prescribed fee, notice of that address to the Registrar for recording in the register.
- Patent agent. 38. When an application is filed for an applicant by an agent who is admitted to practise as a patent agent in Belize, the agent is the representative of the applicant until such time as another agent is appointed.
- Service on agent. 39. When a patent agent has been appointed to represent an applicant in respect of an application, the address of the agent is the address for service of the patentee after the patent is granted until such time as another address for

service is recorded in respect of the patentee.

## **PART IX**

### **TIME LIMITS**

40. Any correspondence with the Office that is due on any day on which the Office is closed for business shall be accepted as properly filed if it is received on the next day that the Office is open for business. Filing time.
41. If he is satisfied that mail to or from the Office was sent but never received, the Registrar may accept or send out replacing correspondence; and the effective date of the replacing correspondence is the date that the Registrar determines should apply. Replacement of correspondence.
42. Where, by evidence satisfactory to the Registrar, a person proves that he was unable to do something within the time prescribed therefor by the Act or these Regulations because of an interruption in mail service in Belize or elsewhere, the Registrar may, before or after the expiration of the time for doing that thing, extend the time to make allowances for the period of the interruption in mail service. Interruptions of mail.
43. The Registrar may, in respect of an application, fix a period of time for the doing of any thing for which no time limit is otherwise fixed by the Act or these Regulations; and an application shall be deemed abandoned if, in respect of that application, the thing is not done within the time so fixed. Fixing time limits.
44. When by an affidavit setting forth the relevant facts, the Registrar is satisfied that any time fixed by these Regulations for the doing of any thing should be extended in a particular case, the Registrar may, either before or after the expiration of the time, extend it for such period as he thinks suitable in the circumstances of the case. Changing time limits.

**PART X****JOINT APPLICANTS**

Procedure with regard to withdrawal.

45. When an application that is filed by joint applicants is being proceeded with by one of the joint applicants, it may not be withdrawn under section 17 (9) of the Act without the written permission of all the other joint applicants; and, if the application is in any danger, under section 28 (5) of the Act, of being deemed to have been withdrawn, the Registrar shall notify all joint applicants at the latest addresses provided him for the joint applicants.

**PART XI****JOINT INVENTORS**

Changes of inventors' names.

46. When, after an application has been filed, it appears that the names of one or more inventors were improperly included in or omitted from the application, then, if the Registrar is satisfied, by an affidavit setting out all the relevant facts, that a correction should be made, the Registrar may delete or add, as the case requires, the names of those other inventors.

Inventors not applying.

47. When an invention is made by several inventors, and one or more of them refuses to make an application in respect of the invention, or the whereabouts of one or more of the inventors cannot be ascertained after a diligent inquiry, the other inventors may make an application in respect of that invention; and, if the Registrar is satisfied, by an affidavit setting out the relevant facts, that the inventors missing from the application either refuse to make application or cannot be located, the inventors making the application are entitled to be granted a patent if all other requirements of the Act and these Regulations are complied with.

**PART XII**

**CONVENTION PRIORITY**

- |  |                         |
|--|-------------------------|
| 48. If a convention priority is requested in respect of an application, that is to say, a claim of priority under section 21(1) of the Act, it may be claimed either at the time of filing the application or at some later time before the grant of patent, but not thereafter. | When priority claimed.  |
| 49. When a convention priority is requested for an application, the applicant must state when and where an application for the invention was first filed, and what its application number was.   | Required information.   |
| 50. If a convention priority is sought for a divisional application, it must be requested separately from any request made with respect to the original application.   | Divisional application. |

**PART XIII**

**DIVISIONAL APPLICATIONS**

- |   |                              |
|---|------------------------------|
| 51. When a divisional application is filed, the petition must identify the original application by its application number and date of filing and must identify any intermediate applications upon which divisional status is based. | Requirements of application. |
| 52. Claims for a process, the product of that process, apparatus and means for carrying out the process, and the process of using the product shall be construed as relating to a single inventive concept.                         | Single inventive concept.    |
| 53. No divisional application may be filed after a patent has been granted in respect of the immediately preceding application upon which the divisional application is based.  | Improper application.        |
| 54. A properly filed divisional application may itself be divided after the   | Proper division.             |

original application to which it relates has been issued for patent, if the division is made while the divisional application is still pending.

Accorded  
filing date.

55. In filing a divisional application, the applicant may request that the application be accorded, as its filing date, the date of any of the preceding applications from which the divisional application is derived, if the divisional application does not go beyond the disclosure contained in the preceding applications, otherwise its accorded filing date shall be the date on which it was actually filed.

Convention  
priority date.

56. When a divisional application is to be accorded the filing date of an earlier application, the applicant may request that there be accorded to it any convention priorities, within the meaning of Regulation 48, applicable to the earlier application and relating to the invention claimed in the divisional application.

#### **PART XIV**

#### **PATENT AGENTS**

Licensing of  
patent agents.

57. The Registrar may license qualified persons who are admitted as attorneys-at-law in Belize to be patent agents for transacting business under the Act, and he shall record the names of licensed patent agents in the register.

Revocation and  
restoration.

58. (1) Upon proof to the Registrar's satisfaction of the malfeasance or incapacity of a licensed patent agent, or on the non-payment of the annual fee for licensing a patent agent, the Registrar shall revoke the agent's licence.

(2) After the licence of a patent agent has been revoked, the Registrar may restore the licence if he is satisfied that the reasons for revoking the licence in the first instance have been removed.

Unlicensed  
agent.

59. The Registrar shall have no dealings in respect of matters under the Act with an agent who is not licensed to act as a patent agent.

60. When an applicant under an application revokes the appointment of an agent and, when necessary, replaces him with another agent, the applicant shall notify the Registrar of the change of agents and send the latest address of his agent to the Registrar.
- Change of agents.

### **PART XV**

#### **CLERICAL ERRORS**

61. A document relating to an application or patent may be corrected if the Registrar is satisfied that the document contains an error of a clerical nature and that its correction would involve no change of substance in the application or patent.
- Correcting errors.

### **PART XVI**

#### **GENERAL**

62. Where no provision is made in the Act or the Regulations in respect of any matter arising in the administration of the Act, the Registrar may make such directions in respect of the matter as he considers necessary.
- Providing for deficiencies.
63. When any annual fee due on a patent has not been paid, the Registrar may inform a licensee of the patent of that fact, if the licensee has been recorded as such in the Office, but the Registrar is not obligated to do so.
- Unpaid annual fees.
64. The Registrar may acknowledge inquiries made to the Office, but the Registrar need not furnish any applicant or other person with information that would require a search of the public records of the Office, or to provide advice on matters concerning the interpretation of the Act or Regulations, or concerning other questions of law.
- Inquiries made to the Office.
65. (1) Subject to Regulation 64, the Registrar may give a certificate regarding any entry, matter or thing that he is authorized or required by the Act
- Registrar's certificate.

or these Regulations to make or do.

(2) A person who can show an interest in an entry, matter or thing for which he requires a certificate may, by an application in Form No. 8, request such a certificate from the Registrar, and the applicant need not disclose his interest unless required by the Registrar to do so.

Repeal of S.I. No. 92 of 2001. 66. The Patents Regulations, 2001, (No. 92 of 2001), are repealed.

Commencement. 67. These Regulations shall come into force on the 1st day of January, 2002.

**MADE** by the Minister responsible for Patents this 27th day of December, 2001.
