THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 235 thereof,

Having regard to the proposal from the Commission (1),

Having regard to the opinion of the European Parliament (2),

Having regard to the opinion of the Economic and Social Committee (3),

Whereas it is desirable to promote throughout the Community a harmonious development of economic activities and a continuous and balanced expansion by completing an internal market which functions properly and offers conditions which are similar to those obtaining in a national market; whereas in order to create a market of this kind and make it increasingly a single market, not only must be barriers to free movement of goods and services be removed and arrangements be instituted which ensure that competition is not distorted, but, in addition, legal conditions must be created which enable undertakings to adapt their activities to the scale of the Community, whether in manufacturing and distributing goods or in providing services; whereas for those purposes, trade marks enabling the products and services of undertakings to be distinguished by identical means throughout the entire Community, regardless of frontiers, should feature amongst the legal instruments which undertakings have at their disposal;

Whereas action by the Community would appear to be necessary for the purpose of attaining the Community's said objectives; whereas such action involves the creation of Community arrangements for trade marks whereby undertakings can by means of one procedural system obtain Community trade marks to which uniform protection is given and which produce their effects throughout the entire area of the Community; whereas the principle of the unitary character of the Community trade mark thus stated will apply unless otherwise provided for in this Regulation;

Whereas the barrier of territoriality of the rights conferred on proprietors of trade marks by the laws of the Member States cannot be removed by approximation of laws; whereas in order to open up unrestricted economic activity in the whole of the common market for the benefit of undertakings, trade marks need to be created which are governed by a uniform Community law directly applicable in all Member States;

Whereas since the Treaty has not provided the specific powers to establish such a legal instrument, Article 235 of the Treaty should be applied;

Whereas the Community law relating to trade marks nevertheless does not replace the laws of the Member States on trade marks; whereas it would not in fact appear to be justified to require undertakings to apply for registration of their trade marks as Community trade marks; whereas national trade marks continue to be necessary for those undertakings which do not want protection of their trade marks at Community level;

Whereas the rights in a Community trade mark may not be obtained otherwise than by registration, and registration is to be refused in particular if the trade mark is not distinctive, if it is unlawful or if it conflicts with earlier rights;

Whereas the protection afforded by a Community trade mark, the function of which is in particular to guarantee the trade mark as an indication of origin, is absolute in the case of identity between the mark and the sign and the goods or services; whereas the protection applies also in cases of similarity between the mark and the sign and the goods or services; whereas an interpretation should be given of the concept of similarity in relation to the likelihood of confusion; whereas the likelihood of confusion, the appreciation of which depends on numerous elements and, in particular, on the recognition of the trade mark on the market, the association which can be made with the used or registered sign, the degree of similarity between the trade mark and the sign and between the goods or services identified, constitutes the specific condition for such protection;

Whereas it follows from the principle of free flow of goods that the proprietor of a Community trade mark must not be entitled to prohibit its use by a third party in relation to goods which have been put into circulation in the Community, under the trade mark, by him or with his consent, save where there exist legitimate reasons for the proprietor to oppose further commercialization of the goods;

Whereas there is no justification for protecting Community trade marks or, as against them, any trade mark which has been registered before them, except where the trade marks are actually used;

Whereas a Community trade mark is to be regarded as an object of property which exists separately from the undertakings whose goods or services are designated by it; whereas accordingly, it must be capable of being transferred, subject to the overriding need to prevent the public being misled as a result of the transfer. It must also be capable of being charged as security in favour of a third party and of being the subject matter of licences;

Whereas administrative measures are necessary at Community level for implementing in relation to every trade mark the trade mark law created by this Regulation; whereas it is therefore essential, while retaining the Community's existing institutional structure and balance of powers, to establish an Office for Harmonization in the Internal Market (trade marks and designs) which is independent in relation to technical matters and has legal, administrative and financial autonomy; whereas to this end it is necessary and appropriate that it should be a body of the Community having legal personality and exercising the implementing powers which are conferred on it by this Regulation, and that it should operate within the framework of Community law without detracting from the competencies exercised by the Community institutions;

Whereas it is necessary to ensure that parties who are affected by decisions made by the Office are protected by the law in a manner which is suited to the special character of trade mark law; whereas to that end provision is made for an appeal to lie from decisions of the examiners and of the various divisions of the Office; whereas if the department whose decision is contested does not rectify its decision it is to remit the appeal to a Board of Appeal of the Office, which is to decide on it; whereas decisions of the Boards of Appeal are, in turn, amenable to actions before the Court of Justice of the European Communities, which has jurisdiction to annul or to alter the contested decision;

Whereas under Council Decision 88/591/ECSC, EEC, Euratom of 24 October 1988 establishing a Court of First Instance of the European Communities (4), as amended by Decision 93/350/Euratom, ECSC, EEC of 8 June 1993 (5), that Court shall exercise at the first instance the jurisdiction conferred on the Court of Justice by the Treaties establishing the Communities - with particular regard to appeals lodged under the second subparagraph of Article 173 of the EC Treaty - and by the acts adopted in implementation thereof, save as otherwise provided in an act setting up a body governed by Community law; whereas the jurisdiction which this Regulation confers on the Court of Justice to cancel and reform decisions of the appeal courts shall accordingly be exercised at the first instance by the Court in accordance with the above Decision;

Whereas in order to strengthen the protection of Community trade marks the Member States should designate, having regard to their own national system, as limited a number as possible of national courts of first and second instance having jurisdiction in matters of infringement and validity of Community trade marks;

Whereas decisions regarding the validity and infringement of Community trade marks must have effect and cover the entire area of the Community, as this is the only way of preventing inconsistent decisions on the part of the courts and the Office and of ensuring that the unitary character of Community trade marks is not undermined; whereas the rules contained in the Brussels Convention of Jurisdiction and the Enforcement of Judgments in Civil and Commercial Matters will apply to all actions at law relating to Community trade marks, save where this Regulation derogates from those rules;

Whereas contradictory judgments should be avoided in actions which involve the same acts and the same parties and which are brought on the basis of a Community trade mark and parallel national trade marks; whereas for this purpose, when the actions are brought in the same Member State, the way in which this is to be achieved is a matter for national procedural rules, which are not prejudiced by this Regulation, whilst when the actions are brought in different Member States, provisions modelled on the rules on *lis pendens* and related actions of the abovementioned Brussels Convention appear appropriate;

Whereas in order to guarantee the full autonomy and independence of the Office, it is considered necessary to grant it an autonomous budget whose revenue comes principally from fees paid by the users of the system; whereas however, the Community budgetary

procedure remains applicable as far as any subsidies chargeable to general budget of the European Communities are concerned; whereas moreover, the auditing of accounts should be undertaken by the Court of Auditors;

Whereas implementing measures are required for the Regulation's application, particularly as regards the adoption and amendment of fees regulations and an Implementing Regulation; whereas such measures should be adopted by the Commission, assisted by a Committee composed of representatives of the Member States, in accordance with the procedural rules laid down in Article 2, procedure III(b), of Council Decisions 87/373/EEC of 13 July 1987 laying down the procedures for the exercise of implementing powers conferred on the Commission (6),

HAS ADOPTED THIS REGULATION:

## **TITLE I GENERAL PROVISIONS** ➔

### **Article 1.** Community trade mark

1. A trade mark for goods or services which is registered in accordance with the conditions contained in this Regulation and in the manner herein provided is hereinafter referred to as a 'Community trade mark'.

2. A Community trade mark shall have a unitary character. It shall have equal effect throughout the Community: it shall not be registered, transferred or surrendered or be the subject of a decision revoking the rights of the proprietor or declaring it invalid, nor shall its use be prohibited, save in respect of the whole Community. This principle shall apply unless otherwise provided in this Regulation.

### **Article 2.** Office

An Office for Harmonization in the Internal Market (trade marks and designs), hereinafter referred to as 'the Office', is hereby established.

### **Article 3.** Capacity to act

For the purpose of implementing this Regulation, companies or firms and other legal bodies shall be regarded as legal persons if, under the terms of the law governing them, they have the capacity in their own name to have rights and obligations of all kinds, to make contracts or accomplish other legal acts and to sue and be sued.

## **TITLE II THE LAW RELATING TO TRADE MARKS** ➔

### **SECTION 1. DEFINITION OF A COMMUNITY TRADE MARK OBTAINING A COMMUNITY TRADE MARK** ➔

- **Article 4.** Signs of which a Community trade mark may consist

A Community trade mark may consist of any signs capable of being represented graphically, particularly words, including personal names, designs, letters, numerals, the shape of goods or of their packaging, provided that such signs are capable of

distinguishing the goods or services of one undertaking from those of other undertakings.

• **Article 5.** Persons who can be proprietors of Community trade marks

1. The following natural or legal persons, including authorities established under public law, may be proprietors of Community trade marks:
  - a. nationals of the Member States; or
  - b. nationals of other States which are parties to the Paris Convention for the protection of industrial property, hereinafter referred to as 'the Paris Convention'; or
  - c. nationals of States which are not parties to the Paris Convention who are domiciled or have their seat or who have real and effective industrial or commercial establishments within the territory of the Community or of a State which is party to the Paris Convention; or
  - d. nationals, other than those referred to under subparagraph (c), of any State which is not party to the Paris Convention and which, according to published findings, accords to nationals of all the Member States the same protection for trade marks as it accords to its own nationals and, if nationals of the Member States are required to prove registration in the country of origin, recognizes the registration of Community trade marks as such proof.
2. With respect to the application of paragraph 1, stateless persons as defined by Article 1 of the Convention relating to the Status of Stateless Persons signed at New York on 28 September 1954, and refugees as defined by Article 1 of the Convention relating to the Status of Refugees signed at Geneva on 28 July 1951 and modified by the Protocol relating to the Status of Refugees signed at New York on 31 January 1967, shall be regarded as nationals of the country in which they have their habitual residence.
3. Persons who are nationals of a State covered by paragraph 1 (d) must prove that the trade mark for which an application for a Community trade mark has been submitted is registered in the State of origin, unless, according to published findings, the trade marks of nationals of the Member States are registered in the State of origin in question without proof of prior registration as a Community trade mark or as a national trade mark in a Member State.

• **Article 6.** Means whereby a Community trade mark is obtained

A Community trade mark shall be obtained by registration.

• **Article 7.** Absolute grounds for refusal

1. The following shall not be registered:
  - a. signs which do not conform to the requirements of Article 4;
  - b. trade marks which are devoid of any distinctive character;
  - c. trade marks which consist exclusively of signs or indications which may serve, in trade, to designate the kind, quality, quantity, intended purpose, value, geographical origin or the time of production of the goods or of rendering of the service, or other characteristics of the goods or service;
  - d. trade marks which consist exclusively of signs or indications which have become customary in the current language or in the bona fide and established practices of the trade;
  - e. signs which consist exclusively of:
    - a. the shape which results from the nature of the goods themselves; or
    - b. the shape of goods which is necessary to obtain a technical result; or
    - c. the shape which gives substantial value to the goods;
  - f. trade marks which are contrary to public policy or to accepted principles of morality;

- for the application for registration of the Community trade mark;
- b. that sign confers on its proprietor the right to prohibit the use of a subsequent trade mark.
5. Furthermore, upon opposition by the proprietor of an earlier trade mark within the meaning of paragraph 2, the trade mark applied for shall not be registered where it is identical with or similar to the earlier trade mark and is to be registered for goods or services which are not similar to those for which the earlier trade mark is registered, where in the case of an earlier Community trade mark the trade mark has a reputation in the Community and, in the case of an earlier national trade mark, the trade mark has a reputation in the Member State concerned and where the use without due cause of the trade mark applied for would take unfair advantage of, or be detrimental to, the distinctive character or the repute of the earlier trade mark.

## **SECTION 2. EFFECTS OF COMMUNITY TRADE MARKS ➔**

- **Article 9.** Rights conferred by a Community trade mark
  1. A Community trade mark shall confer on the proprietor exclusive rights therein. The proprietor shall be entitled to prevent all third parties not having his consent from using in the course of trade:
    - a. any sign which is identical with the Community trade mark in relation to goods or services which are identical with those for which the Community trade mark is registered;
    - b. any sign where, because of its identity with or similarity to the Community trade mark and the identity or similarity of the goods or services covered by the Community trade mark and the sign, there exists a likelihood of confusion on the part of the public; the likelihood of confusion includes the likelihood of association between the sign and the trade mark;
    - c. any sign which is identical with or similar to the Community trade mark in relation to goods or services which are not similar to those for which the Community trade mark is registered, where the latter has a reputation in the Community and where use of that sign without due cause takes unfair advantage of, or is detrimental to, the distinctive character or the repute of the Community trade mark.
  2. The following, inter alia, may be prohibited under paragraph 1:
    - a. affixing the sign to the goods or to the packaging thereof;
    - b. offering the goods, putting them on the market or stocking them for these purposes under that sign, or offering or supplying services thereunder;
    - c. importing or exporting the goods under that sign;
    - d. using the sign on business papers and in advertising.
  3. The rights conferred by a Community trade mark shall prevail against third parties from the date of publication of registration of the trade mark. Reasonable compensation may, however, be claimed in respect of matters arising after the date of publication of a Community trade mark application, which matters would, after publication of the registration of the trade mark, be prohibited by virtue of that publication. The court seized of the case may not decide upon the merits of the case until the registration has been published.
- **Article 10.** Reproduction of Community trade marks in dictionaries

If the reproduction of a Community trade mark in a dictionary, encyclopaedia or similar reference work gives the impression that it constitutes the generic name of the goods or services for which the trade mark is registered, the publisher of the work shall, at the request of the proprietor of the Community trade mark, ensure that the

reproduction of the trade mark at the latest in the next edition of the publication is accompanied by an indication that it is a registered trade mark.

- **Article 11.** Prohibition on the use of a Community trade mark registered in the name of an agent or representative

Where a Community trade mark is registered in the name of the agent or representative of a person who is the proprietor of that trade mark, without the proprietor's authorization, the latter shall be entitled to oppose the use of his mark by his agent or representative if he has not authorized such use, unless the agent or representative justifies his action.

- **Article 12.** Limitation of the effects of a Community trade mark

A Community trade mark shall not entitle the proprietor to prohibit a third party from using in the course of trade:

- a. his own name or address;
- b. indications concerning the kind, quality, quantity, intended purpose, value, geographical origin, the time of production of the goods or of rendering of the service, or other characteristics of the goods or service;
- c. the trade mark where it is necessary to indicate the intended purpose of a product or service, in particular as accessories or spare parts, provided he uses them in accordance with honest practices in industrial or commercial matters.

- **Article 13.** Exhaustion of the rights conferred by a Community trade mark

1. A Community trade mark shall not entitle the proprietor to prohibit its use in relation to goods which have been put on the market in the Community under that trade mark by the proprietor or with his consent.
2. Paragraph 1 shall not apply where there exist legitimate reasons for the proprietor to oppose further commercialization of the goods, especially where the condition of the goods is changed or impaired after they have been put on the market.

- **Article 14.** Complementary application of national law relating to infringement

1. The effects of Community trade marks shall be governed solely by the provisions of this Regulation. In other respects, infringement of a Community trade mark shall be governed by the national law relating to infringement of a national trade mark in accordance with the provisions of Title X.
2. This Regulation shall not prevent actions concerning a Community trade mark being brought under the law of Member States relating in particular to civil liability and unfair competition.
3. The rules of procedure to be applied shall be determined in accordance with the provisions of Title X.

### **SECTION 3. USE OF COMMUNITY TRADE MARKS ➔**

- **Article 15.** Use of Community trade marks

1. If, within a period of five years following registration, the proprietor has not put the Community trade mark to genuine use in the Community in connection with the goods or services in respect of which it is registered, or if such use has been suspended during an uninterrupted period of five years, the Community trade mark shall be subject to the sanctions provided for in this Regulation, unless there are proper reasons for non-use.
2. The following shall also constitute use within the meaning of paragraph 1:
  - a. use of the Community trade mark in a form differing in elements which do

- not alter the distinctive character of the mark in the form in which it was registered;
- b. affixing of the Community trade mark to goods or to the packaging thereof in the Community solely for export purposes.
3. Use of the Community trade mark with the consent of the proprietor shall be deemed to constitute use by the proprietor.

## **SECTION 4. COMMUNITY TRADE MARKS AS OBJECTS OF PROPERTY**

- **Article 16.** Dealing with Community trade marks as national trade marks
  1. Unless Articles 17 to 24 provide otherwise, a Community trade mark as an object of property shall be dealt with in its entirety, and for the whole area of the Community, as a national trade mark registered in the Member State in which, according to the Register of Community trade marks,
    - a. the proprietor has his seat or his domicile on the relevant date; or
    - b. where subparagraph (a) does not apply, the proprietor has an establishment on the relevant date.
  2. In cases which are not provided for by paragraph 1, the Member State referred to in that paragraph shall be the Member State in which the seat of the Office is situated.
  3. If two or more persons are mentioned in the Register of Community trade marks as joint proprietors, paragraph 1 shall apply to the joint proprietor first mentioned; failing this, it shall apply to the subsequent joint proprietors in the order in which they are mentioned. Where paragraph 1 does not apply to any of the joint proprietors, paragraph 2 shall apply.
- **Article 17.** Transfer
  1. A Community trade mark may be transferred, separately from any transfer of the undertaking, in respect of some or all of the goods or services for which it is registered.
  2. A transfer of the whole of the undertaking shall include the transfer of the Community trade mark except where, in accordance with the law governing the transfer, there is agreement to the contrary or circumstances clearly dictate otherwise. This provision shall apply to the contractual obligation to transfer the undertaking.
  3. Without prejudice to paragraph 2, an assignment of the Community trade mark shall be made in writing and shall require the signature of the parties to the contract, except when it is a result of a judgment; otherwise it shall be void.
  4. Where it is clear from the transfer documents that because of the transfer the Community trade mark is likely to mislead the public concerning the nature, quality or geographical origin of the goods or services in respect of which it is registered, the Office shall not register the transfer unless the successor agrees to limit registration of the Community trade mark to goods or services in respect of which it is not likely to mislead.
  5. On request of one of the parties a transfer shall be entered in the Register and published.
  6. As long as the transfer has not been entered in the Register, the successor in title may not invoke the rights arising from the registration of the Community trade mark.
  7. Where there are time limits to be observed vis-à-vis the Office, the successor in title may make the corresponding statements to the Office once the request for registration of the transfer has been received by the Office.
  8. All documents which require notification to the proprietor of the Community trade

mark in accordance with Article 77 shall be addressed to the person registered as proprietor.

- **Article 18.** Transfer of a trade mark registered in the name of an agent

Where a Community trade mark is registered in the name of the agent or representative of a person who is the proprietor of that trade mark, without the proprietor's authorization, the latter shall be entitled to demand the assignment in his favour of the said registration, unless such agent or representative justifies his action.

- **Article 19.** Rights in rem

1. A Community trade mark may, independently of the undertaking, be given as security or be the subject of rights in rem.
2. On request of one of the parties, rights mentioned in paragraph 1 shall be entered in the Register and published.

- **Article 20.** Levy of execution

1. A Community trade mark may be levied in execution.
2. As regards the procedure for levy of execution in respect of a Community trade mark, the courts and authorities of the Member States determined in accordance with Article 16 shall have exclusive jurisdiction.
3. On request of one of the parties, levy of execution shall be entered in the Register and published.

- **Article 21.** Bankruptcy or like proceedings

1. Until such time as common rules for the Member States in this field enter into force, the only Member State in which a Community trade mark may be involved in bankruptcy or like proceedings shall be that in which such proceedings are first brought within the meaning of national law or of conventions applicable in this field.
2. Where a Community trade mark is involved in bankruptcy or like proceedings, on request of the competent national authority an entry to this effect shall be made in the Register and published.

- **Article 22.** Licensing

1. A Community trade mark may be licensed for some or all of the goods or services for which it is registered and for the whole or part of the Community. A licence may be exclusive or non-exclusive.
2. The proprietor of a Community trade mark may invoke the rights conferred by that trade mark against a licensee who contravenes any provision in his licensing contract with regard to its duration, the form covered by the registration in which the trade mark may be used, the scope of the goods or services for which the licence is granted, the territory in which the trade mark may be affixed, or the quality of the goods manufactured or of the services provided by the licensee.
3. Without prejudice to the provisions of the licensing contract, the licensee may bring proceedings for infringement of a Community trade mark only if its proprietor consents thereto. However, the holder of an exclusive licence may bring such proceedings if the proprietor of the trade mark, after formal notice, does not himself bring infringement proceedings within an appropriate period.
4. A licensee shall, for the purpose of obtaining compensation for damage suffered by him, be entitled to intervene in infringement proceedings brought by the proprietor of the Community trade mark.
5. On request of one of the parties the grant or transfer of a licence in respect of a Community trade mark shall be entered in the Register and published.

- **Article 23.** Effects vis-à-vis third parties

1. Legal acts referred to in Article 17, 19 and 22 concerning a Community trade

mark shall only have effects vis-à-vis third parties in all the Member States after entry in the Register. Nevertheless, such an act, before it is so entered, shall have effect vis-à-vis third parties who have acquired rights in the trade mark after the date of that act but who knew of the act at the date on which the rights were acquired.

2. Paragraph 1 shall not apply in the case of a person who acquires the Community trade mark or a right concerning the Community trade mark by way of transfer of the whole of the undertaking or by any other universal succession.
  3. The effects vis-à-vis third parties of the legal acts referred to in Article 20 shall be governed by the law of the Member State determined in accordance with Article 16.
  4. Until such time as common rules for the Member States in the field of bankruptcy enter into force, the effects vis-à-vis third parties of bankruptcy or like proceedings shall be governed by the law of the Member State in which such proceedings are first brought within the meaning of national law or of conventions applicable in this field.
- **Article 24.** The application for a Community trade mark as an object of property Articles 16 to 23 shall apply to applications for Community trade marks.

### **TITLE III APPLICATION FOR COMMUNITY TRADE MARKS ➔**

#### **SECTION 1. FILING OF APPLICATIONS AND THE CONDITIONS WHICH GOVERN THEM ➔**

- **Article 25. Filing of applications**
  1. An application for a Community trade mark shall be filed, at the choice of the applicant,
    - a. at the Office; or
    - b. at the central industrial property office of a Member State or at the Benelux Trade Mark Office. An application filed in this way shall have the same effect as if it had been filed on the same date at the Office.
  2. Where the application is filed at the central industrial property office of a Member State or at the Benelux Trade Mark Office, that office shall take all steps to forward the application to the Office within two weeks after filing. It may charge the applicant a fee which shall not exceed the administrative costs of receiving and forwarding the application.
  3. Applications referred to in paragraph 2 which reach the Office more than one month after filing shall be deemed withdrawn.
  4. Ten years after the entry into force of this Regulation, the Commission shall draw up a report on the operation of the system of filing applications for Community trade marks, together with any proposals for modifying this system.
- **Article 26. Conditions with which applications must comply**
  1. An application for a Community trade mark shall contain:
    - a. a request for the registration of a Community trade mark;
    - b. information identifying the applicant;
    - c. a list of the goods or services in respect of which the registration is requested;
    - d. a representation of the trade mark.
  2. The application for a Community trade mark shall be subject to the payment of the application fee and, when appropriate, of one or more class fees.

3. An application for a Community trade mark must comply with the conditions laid down in the implementing Regulation referred to in Article 140.

- **Article 27. Date of filing**

The date of filing of a Community trade mark application shall be the date on which documents containing the information specified in Article 26 (1) are filed with the Office by the applicant or, if the application has been filed with the central office of a Member State or with the Benelux Trade Mark Office, with that office, subject to payment of the application fee within a period of one month of filing the abovementioned documents.

- **Article 28. Classification**

Goods and services in respect of which Community trade marks are applied for shall be classified in conformity with the system of classification specified in the Implementing Regulation.

## **SECTION 2. PRIORITY →**

- **Article 29. Right of priority**

1. A person who has duly filed an application for a trade mark in or for any State party to the Paris Convention, or his successors in title, shall enjoy, for the purpose of filing a Community trade mark application for the same trade mark in respect of goods or services which are identical with or contained within those for which the application has been filed, a right of priority during a period of six months from the date of filing of the first application.
2. Every filing that is equivalent to a regular national filing under the national law of the State where it was made or under bilateral or multilateral agreements shall be recognized as giving rise to a right of priority.
3. By a regular national filing is meant any filing that is sufficient to establish the date on which the application was filed, whatever may be the outcome of the application.
4. A subsequent application for a trade mark which was the subject of a previous first application in respect of the same goods or services, and which is filed in or in respect of the same State shall be considered as the first application for the purposes of determining priority, provided that, at the date of filing of the subsequent application, the previous application has been withdrawn, abandoned or refused, without being open to public inspection and without leaving any rights outstanding, and has not served as a basis for claiming a right of priority. The previous application may not thereafter serve as a basis for claiming a right of priority.
5. If the first filing has been made in a State which is not a party to the Paris Convention, paragraphs 1 to 4 shall apply only in so far as that State, according to published findings, grants, on the basis of a first filing made at the Office and subject to conditions equivalent to those laid down in this Regulation, a right of priority having equivalent effect.

- **Article 30. Claiming priority**

An applicant desiring to take advantage of the priority of a previous application shall file a declaration of priority and a copy of the previous application. If the language of the latter is not one of the languages of the Office, the applicant shall file a translation of the previous application in one of those languages.

- **Article 31. Effect of priority right**

The right of priority shall have the effect that the date of priority shall count as the date of filing of the Community trade mark application for the purposes of establishing

which rights take precedence.

- **Article 32.** Equivalence of Community filing with national filing

A Community trade mark application which has been accorded a date of filing shall, in the Member States, be equivalent to a regular national filing, where appropriate with the priority claimed for the Community trade mark application.

### **SECTION 3. EXHIBITION PRIORITY ➔**

- **Article 33.** Exhibition priority

1. The applicant for or proprietor of a Community trade mark or any other party to proceedings before the Office who, in spite of all due care required by the circumstances having been taken, was unable to observe a time limit vis-à-vis the Office shall, upon application, have his rights re-established if the non-observance in question has the direct consequence, by virtue of the provisions of this Regulation, of causing the loss of any right or means of redress.
2. The application must be filed in writing within two months from the removal of the cause of non-compliance with the time limit. The omitted act must be completed within this period. The application shall only be admissible within the year immediately following the expiry of the unobserved time limit.     2. The Office, when hearing an application for revocation or for a declaration of invalidity shall, unless there are special grounds for continuing the hearing, of its own motion after hearing the parties or at the request of one of the parties and after hearing the other parties, stay the proceedings where the validity of the Community trade mark is already in issue on account of a counterclaim before a Community trade mark court.
